

Brief Planning:

Brief: I want to showcase my skills in art as I am a Graphic Design student. I want to be able to show my portfolio in fields of design, drawing, and photography. I want this to also be used for job searches. I will try to make the HTML site look neat, colorful, and creative to make it look satisfying for me.

Audience: This is targeted for graphic designers, drawers, web designers, photographers, or any fields in the art world. I want to share with people my style and designs I create.

Portfolio Pieces:

1. Drawings: Charcoal, Graphite, paint, and collages works/more.
2. Photography: Landscape, sky, people, and more
3. Graphic design projects: buildings, letters, and more

Deliverables: Portfolio Website, that will consist of my linked works.
